Everyone needs a durable tool. But great tools are often taken for granted. Hamilton Beach Commercial Blenders are so dependable, people forget they're even there. That's okay. Our hard-working blenders are happy to share the limelight.

popularity

908® is the best-known blender name for making great margaritas, daiquiris, and more.

HBB908 Series

908® Blender

25 Second Daiquiri - When thirsty customers are waiting, you can blend 0.5 L drinks in 25 seconds flat.

Two Speeds - Offer versatility and precision blending for a wide variety of food and drink mixtures.

Durable Stainless Steel Blades - Four stainless steel blades are made to last and get the job done fast.

1.25 L Container - Break-resistant polycarbonate container with filler-cap and easy-to-read measurement marks makes filling and pouring easy.

Specifications:

Standard: Unit comes with base, 1.25 L polycarbonate container, Sure Grip™ feet, and blade assembly unit.

Controls: High/Low

Motor: 3/8 Hp

Weight: 5.5 lbs/2.5 kg (shipping)

Warranty: 1 year parts & labor

Case Pack Qty: 1

HBB908-CE
HBB908-UK

220-240V~, 50-60 Hz, 400W

Unique Features

Removable filler-cap lets you add ingredients while blending

Stainless steel blades quickly cut through ice and other ingredients

Unique Features

Sure Grip™ feet hold blender securely in place

Performance -

Take an order for a daiquiri, margarita, or any popular 0.5 L icy drink and serve it up – perfectly smooth and with no ice chunks – in just 25 seconds.

Everyone likes an icy drink. The secret is to find a blender that crushes ice just right. Some blenders turn ice into slush. Others keep it chunky. With Rio® Blenders, you always get smooth results, no matter what you're blending.

flexibility

The perfect choice for cocktails, smoothies, margaritas, salsas, dips, sauces, and more.

HBB250 Series

Rio® Blender

Wave~Action® System - Ordinary blenders spin contents around the walls of the jar, which can leave whole chunks untouched by the blades. The Wave~Action® System has a unique container and blade design for smooth results every time.

20 Second Daiquiri - When thirsty customers are waiting, you can blend 0.5 L drinks in 20 seconds flat.

Two Speeds with Pulse Option - Offers versatility and precision blending for a wide variety of food and drink mixtures.

Jar Pad Sensor - Helps prevent "wear and tear" from operator misuse. It turns the motor off when the container is not in place to reduce careless clutch grinding.

1.25 L Stackable Container - Break-resistant polycarbonate container with easy-to-read measurement marks is stackable for storage.

Specifications:

Standard: Unit comes with base, 1.25 L polycarbonate container, Sure Grip™ feet, and blade assembly unit.

Controls: High/Low with pulse option

Motor: 1/2 Hp

Weight: 8.5 lbs/4.25 kg (shipping)

Warranty: 2 year parts & labor

Case Pack Qty: 1

HBB250-CE

HBB250-UK

HBB250-CCC

220-240V~, 50-60 Hz, 450W

HBB250S Series

Rio® Blender

Wave~Action® System - Ordinary blenders spin contents around the walls of the jar, which can leave whole chunks untouched by the blades. The Wave~Action® System has a unique container and blade design for smooth results every time.

20 Second Daiquiri - When thirsty customers are waiting, you can blend 0.5 L drinks in 20 seconds flat.

Two Speeds with Pulse Option - Offers versatility and precision blending for a wide variety of food and drink mixtures.

Jar Pad Sensor - Helps prevent "wear and tear" from operator misuse. It turns the motor off when the container is not in place to reduce careless clutch grinding.

.95 L Stainless Steel Container

Durable stainless steel offers long-lasting performance.

Specifications:

Standard: Unit comes with base, .95 L stainless steel container, Sure Grip™ feet, and blade assembly unit.

Controls: High/Low with pulse option

Motor: 1/2 Hp

Weight: 8.5 lbs/4.25 kg (shipping)

Warranty: 2 year parts & labor

Case Pack Qty: 1

HBB250-CE

HBB250-UK

HBB250-CCC

220-240V~, 50-60 Hz, 450W

Unique Features

Wave~Action® system continually forces mixture down into the blades for smooth results

Four durable stainless steel cutting and mixing blades quickly cut through ice and other ingredients

Performance -

Take an order for a daiquiri, margarita, or any popular 0.5 L icy drink and serve it up – perfectly smooth and with no ice chunks – in just 20 seconds.

Everyone watches the waves. They're the star of the Wave~Action® System. This technology pulls ingredients down into the blades for smooth results every time. The best thing about the waves? No more ice chunks in your drinks!

capability

Thanks to the Wave~Action® System, drinks come out perfectly smooth every time.

HBB450 Series

Tango® Blender

Wave~Action® System - Ordinary blenders spin contents around the walls of the jar, which can leave whole chunks untouched by the blades. The Wave~Action® System has a unique container and blade design for smooth results every time.

15 Second Daiquiri - When thirsty customers are waiting, you can blend 0.5 L drinks in 15 seconds flat.

Timer & Two Speeds with Pulse Option - The timer is indispensable for busy bars. Two speeds offer precision blending for a wide variety of mixtures.

Jar Pad Sensor - Helps prevent "wear and tear" from operator misuse. It turns the motor off when the container is not in place to reduce careless clutch grinding.

1.4 L Stackable Container - Break-resistant polycarbonate container with easy-to-read measurement marks is stackable for storage.

Specifications:

Standard: Unit comes with base, 1.4 L polycarbonate container, Sure Grip™ feet, and blade assembly unit.

Controls: 2 speed with timer

Motor: 1 Hp Weight: 9.5 lbs/5.75 kg

Weight: 9.5 lbs / 5.75 kg

Warranty: 2 year or 15,000 cycles

Case Pack Qty: 1

HBB450-CE

HBB450-UK

HBB450-CCC

220-240V~, 50-60 Hz, 800W

Unique Features

Timer with automatic shutoff offers precision blending control for every kind of drink

Four durable stainless steel cutting and mixing blades quickly cut through ice and other ingredients

All-metal drive coupling offers long-lasting performance

Unique Features

Wave~Action® system continually pulls mixture down into the blades for smooth results

Stackable polycarbonate jar stores in less space

Performance -

Take an order for a daiquiri, margarita, or any popular 0.5 L icy drink and serve it up – perfectly smooth and with no ice chunks – in just 15 seconds.

Everyone wants a workhorse.
They always perform when you need them most. That's why so many customers prefer the Tempest® Blender. It's the blender that never lets you down, from the first frozen margarita to the last.

vitality

Powerful blending performance for fast-paced, high-volume businesses.

HBH650 Series

Tempest® Blender

Wave~Action® System - Ordinary blenders spin contents around the walls of the jar, which can leave whole chunks untouched by the blades. The Wave~Action® System has a unique container and blade system for smooth results every time.

12 Second Daiquiri - When thirsty customers are waiting, you can blend 0.5 L drinks in 12 seconds flat.

Super-Creamy Drink Profile - The Wave~Action® System, along with speed and blade design, break down ice from a granita texture to a creamy drink profile.

Two Speeds, Jump Cycle & Pulse Button - Offer precision blending for a wide variety of drink mixtures.

Timer with Automatic Shutoff - Indispensable for busy bars, it frees operators up for other tasks.

3 Hp Motor - Built with a durable all-metal drive coupling to satisfy the demands of the busiest bars.

1.9 L Stackable Container - Break-resistant polycarbonate container with easy-to-read measurement marks.

Specifications:

Standard: Unit comes with base, 64 oz. polycarbonate container, Sure Grip™ feet, and blade assembly unit

Controls: 2 speeds, jump cycle & timer

Motor: 3 Hp

Weight: 11.1 lbs / 5.0 kg

Warranty: 2 years parts & labor or 20,000 cycles, whichever comes first

Case Pack Qty: 1

HBB650-CE
HBB650-UK
HBB650-CCC

220-240V~, 50-60 Hz, 1,000W

Unique Features

Blinking red light indicates when container is not in place

Two speeds, jump cycle, pulse button, and timer with automatic shutoff for maximum drink versatility

Unique Features

Wave~Action® system continually forces mixture down into the blades for smooth results

Temperature gauge alerts operator if motor overheats to help prevent unnecessary burnout
NOTE: Operation manual shows operators step by step how to run the cool-down cycle

Performance -

Take an order for a daiquiri, margarita, or any popular 0.5 L icy drink and serve it up – perfectly smooth and with no ice chunks – in just 12 seconds.

Everyone prefers perfection.

Who doesn't want a perfect drink every time? There's no doubt about drink quality when the Summit® Blender is in charge. Auto Blend senses when drinks reach perfection and are ready to serve.

always there, always durable.™

Summit® Blender

sensory

Since you know exactly when drinks are ready, blending mistakes are a thing of the past.

HBH850 Series

Summit® Blender

Auto Blend "One Touch Sensor Blending" - Patent-pending technology continuously monitors blender's power usage and speed to determine when the perfect drink consistency is achieved.

Hundreds of Pre-Programmed Cycles - Reduces the need to select different cycles for different drinks to free up decision-making time.

Automatic Shutoff - As soon as the mixture reaches the perfect creamy drink profile/consistency, the blender stops to help prevent over- and under-blending.

Super-Creamy Drink Profile - The Wave~Action® System, along with speed and blade design, break down ice from a granita texture to a creamy drink profile.

Cavitation Control - Detects when cavitation occurs and prompts the operator to add more liquid. Keeps the operator from spending time watching the blender and from serving a bad drink.

Airflow Baffle - Constantly circulates cool air around the motor for back-to-back blending and longer blender life.

Jar Pad Sensor - Turns off motor when container is not in place to reduce grinding and "wear and tear" from misuse

Specifications:

Standard: Unit comes with base, one container, sealing gasket, Quiet Shield™ sound enclosure & 3-wire grounded cord and plug

Controls: Touchpad

Container: 1.9 L stackable polycarbonate

Motor: 3 Hp / Weight: 18.1 lbs / 8.2 kg

Warranty: 2 years or 20,000 cycles, whichever comes first

Case Pack Qty: 1

HBH850-CE

HBH850-UK

HBH850-CCC

RoHS

CCC

220-240V~, 50-60 Hz, 1,000W

Unique Features

Auto Blend stops blender when drinks reach the perfect consistency

Unique airflow baffle keeps motor cool and prevents water ingress

Dual fans automatically keep motor cool in-between blends

USB Port for future program updates

Converts for in-counter use

Above-Counter/ In-Counter Options -

This above-counter model can easily be converted into an in-counter model.

Quiet Shield™

Sound Enclosure -

Reduces blender volume and maintains low profile, even when open.

Everyone cools off with ice. It's the most important drink ingredient. What's your secret? Revolution® Ice Shaver. With its precise portioning system, drinks get the right amount of ice every time.

revolutionary

Get the right portion of ice every time with the Revolution® portion system.

HBS1200 Series

Revolution® Ice Shaver/Blender

Revolution® Portion System -

For maximum accuracy, this unique ice portioning system counts the number of times the agitator passes the shaver blade. Regardless of the motor load, the correct amount of ice comes out every time!

Systems that calculate portions by time or weight may not be delivering consistent drink quality to your customers. Time systems don't reliably shave the right amount of ice because the motor speed will vary with the load (the motor may spin more slowly when the ice hopper is full). Systems that rely on just the weight of ice can be inaccurate during blending because of container movement. The Revolution® Portion System eliminates these concerns by delivering the right amount of ice every time.

Double-Wall Hopper - Insulated for quiet operation and to keep ice cold.

Sensor Technology - Hopper sensor prevents operation when lid is not in place. Drain sensor indicates if water is backed up in the drain. This alerts the operator to check the drain line before a messy water backup.

3 Hp Blender Motor - Powerful, heavy-duty, and built to satisfy the demands of the busiest bars.

Automatic Cycle Buttons -

Operators select serving size and number of servings for precise results.

Specifications:

Standard: Unit comes with base, ice chute, 2 piece hopper with lid, 1.9 L polycarbonate container & leveling feet

Controls: Touchpad

Motors: 3 Hp blender, 1/4 Hp shaver

Weight: 55 lbs / 24.8 kg

Warranty: 2 years parts & labor or 20,000 cycles, whichever comes first

Case Pack Qty: 1

HBH850-CE

HBH850-UK

HBH850-CCC

220-240V~, 50-60 Hz, 1,000W

Unique Features

Insulated double-wall hopper reduces noise and keeps ice cold (showing inner hopper only)

A press of the automatic cycle buttons sets the right serving size and number of servings

Unique Features

Comes with a stackable 1.9 L polycarbonate container with measurement marks

The Wave~Action® system continually forces mixture down into the blades for smooth results every time

Performance -

With the Revolution® Ice Shaver/Blender, you can prepare up to four 0.5 L drinks at the same time in the 1.9 L container. Serving four thirsty customers at once just got easier!

Everyone loves a shake.

It's something you never outgrow. People worldwide have been enjoying Hamilton Beach Commercial shakes since 1911, when our Commercial Drink Mixers first arrived. Go ahead, try one. Then you'll see how ice cream turns to bliss.

history

Mixing the world's most amazing milkshakes since 1911.

HMD200 Series

Single Spindle Drink Mixer

Versatile Drink and Food Prep -

Great for everything from mixing ice cream shakes to "flashing" bar drinks and blending eggs, pancake, and waffle batter.

Performance - More powerful 1/3 Hp, 300W rated motor mixes up to twice as fast, so customers don't have to wait.

Precision Motor - Each motor is individually balanced to minimize vibration. Built to last with sealed, permanently lubricated ball bearings.

Motor Activation -

Operators can automatically start and stop mixing action by inserting the cup into the cup guide.

Specifications:

Standard: Unit comes with base, motor, spindle, solid agitator & stainless steel cup.

Controls: 3-speed rocker switch

Motor: 1/3 Hp

Weight: 14 lbs / 6.35 kg

Warranty: 1 year parts & labor

HMD200-CE   
HMD200-UK
HMD200-CCC

220-240V~, 50-60 Hz, 300W

HMD400 Series

Triple Spindle Drink Mixer

Optimum Output - The ideal choice for high-volume milkshake prep.

Performance - More powerful 1/3 Hp, 300W rated motor mixes up to twice as fast, so customers don't have to wait.

3 Separate Motors - Each motor works independently and has its own power switch.

Precision Motors - Each motor is individually balanced to minimize vibration. All three motors are built to last with sealed, permanently lubricated ball bearings.

Motor Activation -

Operators can automatically start and stop mixing action by inserting the cup into the cup guide.

Specifications:

Standard: Unit comes with base, 3 motors, 3 spindles, 3 solid agitators, and 3 stainless steel cups.

Controls: 3-speed rocker switch

Motors: 1/3 Hp on each motor

Weight: 37 lbs / 16.783 kg

Warranty: 1 year parts & labor

HMD400-CE   
HMD400-UK
HMD400-CCC

220-240V~, 50-60 Hz, 900W

Unique Features

Removable cup guide pulls out for easy dishwasher cleanup

Optional high-performance agitators shown on page 29

3 speed switch for mixing versatility

All-Metal, Heavy-Duty Construction - This classic design offers die cast durability in a smooth, rounded shape that's easy to clean.

A Hamilton Beach Commercial juicer with a stainless steel top and a black base, featuring an NSF certification label. It is positioned on a speckled countertop next to several clear glasses. The background is a blurred commercial kitchen setting.

Everyone has a favorite juice. We just don't agree on which one's best. We do know that restaurants, juice clubs, and bars that serve fresh juice depend on Hamilton Beach Commercial Juicers. Give one of our juicers a try. You'll agree that every juice they make is a winner.

agility

When fresh citrus is needed fast, these heavy-duty juicers deliver with minimum effort.

932

Manual Citrus Juicer

Dependability - Considered the standard worldwide because of its hard-working, dependable performance and classic looks.

Flexibility - Designed to extract pure citrus juice from lemons, limes, oranges, and grapefruit.

Maximum Juice Extraction - The extractor arm exerts up to 2,000 lbs. of force to ensure maximum juice output with minimum skin oil and pulp residue.

Strainer Cone and Funnel - Remove for easy cleaning.

Acid-Resistant Finish - The metal components, as well as the enamel finish, resist wear and tear from exposure to citrus acids.

Specifications:

Standard: Unit comes with base, strainer cone, funnel, swing-out juice collector cup, and Sure Grip™ feet

Weight: 11 lbs / 4.99 kg

Warranty: 1 year parts & labor

Case Pack Qty: 1

1G96700 Series

Electric Citrus Juicer

3 Reinforced Reamers - Small for lemons and limes, medium for oranges, and large for grapefruits. Each reamer has a stainless steel insert for durability.

Quiet Motor - With its exceptionally quiet motor, the 1G96700 is a welcome addition to any establishment.

Extra-Tall Spout - Juice spout is a full 8.5" from the counter to allow juicing into a variety of containers.

Low Center of Gravity - Makes the juicer less prone to tip over.

Durability - Heavy-duty metal housing, durable strainer, and reamers.

Specifications:

Standard: Unit comes with extra-large stainless steel bowl, acid-resistant cast aluminum base, ABS plastic strainer, and 3 reamer sizes

Controls: On/off push-button switch

Weight: 19 lbs / 8.62 kg

Warranty: 2 year parts & labor

Case Pack Qty: 1

1G96700-CE
1G96700-UK

Unique Features

Model 932 is built with heavy-duty gears for years of durability

932's juice collector cup swings out for easy access

Model 1G96700 has a sealed push-button switch

1G96700's strainer uses 3 stainless steel reinforced reamers: 1 for lemons & limes, 1 for oranges, and 1 for grapefruit

Flexibility -
Designed for the fast, easy extraction of fresh juice from oranges, lemons, limes & grapefruits.

Everyone needs to multi-task. In a busy kitchen, every tool has to work overtime. The heavy-duty Immersion Mixer by Hamilton Beach Commercial easily keeps up, with a smart blade design that chops and mixes ingredients quickly without making a mess.

cleanability

When the shift is over, you need a mixer that can be sterilized fast so it's ready for tomorrow.

HMI 200 Series

Immersion Mixer

Heavy Duty - Long-life motor construction and stainless steel chopping attachment designed for foodservice applications.

Flexibility - Detachable chopping attachment plus two speeds give professional kitchens the flexibility they need to purée soups and sauces right in the pan, whip egg whites, cream butters & mix batters with ease.

Stainless Steel 9"/ 23 cm Shaft -

Not only does the thick 9"/ 23 cm shaft reach into deep pots and bowls, it detaches for easy cleaning.

Innovative Blade Guard - Keeps prep areas neat and saves time by reducing messy splashing and clogging.

Double-Insulated - With two-conductor cord for easier use and storage.

Specifications:

Standard: Unit comes with motor unit, detachable 9"/ 23 cm chopping shaft, and cutting blades

Controls: 2-speed switch

Weight: 3.8 lbs / 1.72 kg

Warranty: 1 year parts & labor

Case Pack Qty: 1

HMI200-CE

HMI200-UK

HMI200-CCC

RoHS

CCC

220-240V~, 50-60 Hz, 175W

Unique Features

Blade guard reduces splashing and allows mix to pass through without clogging

Chopping attachment detaches easily for dishwasher cleanup and is autoclavable for quick sterilization

Four blades with five cutting edges quickly cut through ingredients for professional results every time

Unique Features

Built-in storage hook for easy hanging and storage on wire racks

The Perfect Choice For Healthcare Applications

Another "First" by HBC - The HMI 200 Immersion Mixer by Hamilton Beach Commercial is the first product of its kind that can be quickly sterilized in an autoclave.

Reliability -

When a bowl of fresh salad dressing needs to be prepped, it's best to have the right tool on hand. The HMI 200 Immersion Mixer by Hamilton Beach Commercial is built for the performance busy kitchens always rely on.

Everyone has too much on their plate. We have more responsibility than time. When foodservice companies feel the pressure, they count on Hamilton Beach Commercial Blenders to make food preparation a fast, easy task. Because let's face it — the more minutes we can squeeze from the clock, the better.

dependability

When chopping, grinding, and pureeing tasks are called for, these reliable blenders produce excellent results.

990-220

Food Blender

4.55 L Stainless Steel Container -

Durable container features dual metal clamps and handles for extra security during blending – clamps hold lid tightly shut; two handles make container easier to remove from base. A heavy-duty rubber gasket around the lid prevents leakage.

Two-Speed Power - Offers two-speed versatility with pulse option for precision blending, mixing, chopping, and pureeing of hot & cold foods such as dips, salsas, dressings, soups, sauces, desserts, and more.

Durable Stainless Steel Blades -

Four stainless steel cutting and mixing blades ensure quick, thorough blending results.

Specifications:

Standard: Unit comes with base, one stainless steel container, Sure Grip™ feet, cutter assembly unit, and cutter assembly removal accessory

Controls: High/low with pulse option

Container: 1 gallon stainless steel

Weight: 23 lbs / 10.43 kg

Warranty: 2 years parts & labor

Case Pack Qty: 1
