enjoy

Indulgence of a special kind.

Inspired by the natural curves of a graceful chain, the *Enjoy* collection makes a captivating impression with its modern, timeless design that is both unusual and harmonious. With its gentle, contoured lines and unusual design vocabulary, the *Enjoy* collection embodies natural elegance and turns little moments of pleasure into special occasions. Designed for those who not only want to indulge their guests, but to surprise them as well. Design: Ottenwälder und Ottenwälder, 2010

THE PORCELAIN OF TOMORROW – SINCE 1881

Enjoying the good things in life, in style.

Enjoy adds a special highlight to hot drink and snack food presentation.

Enjoy – feels good, looks great.

Harmony and extravagance are by no means mutually exclusive, as evidenced by the design of the *Enjoy* collection. With their gentle, dynamic contour, the handles of the cups, mugs and pots have a delightful feel. Combined with the strikingly-designed saucers and plates, *Enjoy* is also a real treat for the eyes. With the *Enjoy* collection, Bauscher is making a deliberate statement in the domain of hot beverages and snack culture, while simultaneously leaving a distinctive mark on porcelain design.

Unusually lively.

The *Enjoy* collection radiates international style – that's why it fits so well in discerning cafés, trend-setting coffee shops and snack bars, as well as in the catering and hotel trade worldwide.

The ongoing popularity of specialty coffees and teas is where the *Enjoy* collection really comes into its own: the lively design provides an extravagant showcase for each cappuccino, café au lait or cup of tea. Snacks, too, can be presented in a variety of arrangements. *Enjoy* therefore offers exciting scope for presentation and design, and also looks superb in combination with other Bauscher collections.

Décor Service

Porcelain shows its colors

Bauscher has always stood for design that sets standards in professional porcelain, not only in the shaping of any given article but also in its extraordinary colors. We take great pride in our Atelier. Day in and day out, the designers at our in-house studio create new, unmistakable décors in close coordination with our customers. Whether elegant colors, fine vignettes or vivid patterns – a décor is an important message in gastronomy that sets an establishment apart and underscores its personality.

Our special forte: custom-made designs

Our studio's portfolio encompasses a collection of more than 25,000 décors. Anyone who cannot decide from such a huge choice can simply have their own individual décor created. Our décor studio provides tailored solutions for every wish - classic logos or word marks as well as elaborate patterns and decorations on rims and mirrors. We remain at the customer's side throughout the production process, sharing our experience and creativity from the first draft to final delivery.

Accentuating with colors

The Bauscher décor studio offers the most diverse color and font options to customers seeking a tailored look. Countless brilliant colors and typefaces await – inspired design ideas are all it takes to bring them to life. Of course, we are also happy to use our customers' proprietary typefaces and color definitions. Our Atelier can accommodate almost every wish. Working with state-of-the-art technology, we apply all our skills and enthusiasm to create décors that inspire our customers and their guests.

Personality begins where comparison ends

With high-quality porcelain an establishment presents not only the kitchen's finesse to the guest, but also an important part of its personality. The significance of an individual décor is impossible to overestimate. It raises recognition value in the competitive hotel and gastronomy industries. It treats the guest to a coherent overall impression and demonstrates that quality is a top priority for the host. In times when guests can choose from the diverse gourmet offerings from all over the world, custom décor is decisive in making a good and lasting impression.
