maitre

Success with wider rims

Maitre is one of the most popular chinaware collections in high-end catering. And with good reason: The lavish design reveals itself in the round plates with outsized rims, platters with asymmetrical rims, cups in various shapes, and décor variations ranging from striking to elegant. All this bestows the collection an individual and unique style. Qualities that are not only instrumental in arranging a menu, but which are also expected by the discriminating guest. Design: **Atelier Bauscher** by **Brigitte Johannes**, f989

THE PORCELAIN OF TOMORROW – SINCE 1881

With a large diversity of plates and different sizes of cups, *Maître* creates the best conditions for a sophisticated and creatively set table. A selection of expressive décors can further contribute to the ambience.

Décor: Deauville Grau. Other Maître décor options are featured in the décor and articles overview on pages 4–6.

An irresistible invitation

Inviting, engaging, and impressive – a first glance at *Maître* is enough to flatter a guest. But this collection brings more than merely an attractive appearance to the table; it is very easy to handle. Even extravagant combinations of plates, platters, and bowls never look cluttered. And tasteful table accessories add a finishing touch to the winning impression.

Plates in various sizes showcase imaginative dishes or serve as trays for bowls small and large. The soup bowl looks positively regal perched on big, bold plates with oversized rims.

Décor Service

Porcelain shows its colors

Bauscher has always stood for design that sets standards in professional porcelain, not only in the shaping of any given article but also in its extraordinary colors. We take great pride in our Atelier. Day in and day out, the designers at our in-house studio create new, unmistakable décors in close coordination with our customers. Whether elegant colors, fine vignettes or vivid patterns – a décor is an important message in gastronomy that sets an establishment apart and underscores its personality.

Our special forte: custom-made designs

Our studio's portfolio encompasses a collection of more than 25,000 décors. Anyone who cannot decide from such a huge choice can simply have their own individual décor created. Our décor studio provides tailored solutions for every wish - classic logos or word marks as well as elaborate patterns and decorations on rims and mirrors. We remain at the customer's side throughout the production process, sharing our experience and creativity from the first draft to final delivery.

Accentuating with colors

The Bauscher décor studio offers the most diverse color and font options to customers seeking a tailored look. Countless brilliant colors and typefaces await – inspired design ideas are all it takes to bring them to life. Of course, we are also happy to use our customers' proprietary typefaces and color definitions. Our Atelier can accommodate almost every wish. Working with state-of-the-art technology, we apply all our skills and enthusiasm to create décors that inspire our customers and their guests.

Personality begins where comparison ends

With high-quality porcelain an establishment presents not only the kitchen's finesse to the guest, but also an important part of its personality. The significance of an individual décor is impossible to overestimate. It raises recognition value in the competitive hotel and gastronomy industries. It treats the guest to a coherent overall impression and demonstrates that quality is a top priority for the host. In times when guests can choose from the diverse gourmet offerings from all over the world, custom décor is decisive in making a good and lasting impression.
