prisma

Decorative understatement

The *Prisma* collection is restrained and yet impossible to miss. Regardless of which side it is viewed from, *Prisma* always makes a gleaming impression. Its relief contours are drawn from art nouveau, a style in which form and function play important roles. And with pretensions such as these, the collection not only fits superbly into the Bauscher program, but also suits the application conditions of modern gastronomy. Design: Prof. Klaus Dombrowski, 1994

THE PORCELAIN OF TOMORROW – SINCE 1881

Prisms on the hollowware, which give the collection its name, reflect different lighting effects to subtly intensify the desired ambience.

Self-assured style

A table set with *Prisma* is never bland. The distinctive hollowware is employed with round or octagonal plates and can be augmented with matching table accessories. Furthermore, *Prisma* not only lends a flair to the table in classic white, but, as required, also in one of the many more décor variations available.

Several *Prisma* décor options are featured in the décor and articles overview on page 4.

Décor Service

Porcelain shows its colors

Bauscher has always stood for design that sets standards in professional porcelain, not only in the shaping of any given article but also in its extraordinary colors. We take great pride in our Atelier. Day in and day out, the designers at our in-house studio create new, unmistakable décors in close coordination with our customers. Whether elegant colors, fine vignettes or vivid patterns – a décor is an important message in gastronomy that sets an establishment apart and underscores its personality.

Our special forte: custom-made designs

Our studio's portfolio encompasses a collection of more than 25,000 décors. Anyone who cannot decide from such a huge choice can simply have their own individual décor created. Our décor studio provides tailored solutions for every wish - classic logos or word marks as well as elaborate patterns and decorations on rims and mirrors. We remain at the customer's side throughout the production process, sharing our experience and creativity from the first draft to final delivery.

Accentuating with colors

The Bauscher décor studio offers the most diverse color and font options to customers seeking a tailored look. Countless brilliant colors and typefaces await – inspired design ideas are all it takes to bring them to life. Of course, we are also happy to use our customers' proprietary typefaces and color definitions. Our Atelier can accommodate almost every wish. Working with state-of-the-art technology, we apply all our skills and enthusiasm to create décors that inspire our customers and their guests.

Personality begins where comparison ends

With high-quality porcelain an establishment presents not only the kitchen's finesse to the guest, but also an important part of its personality. The significance of an individual décor is impossible to overestimate. It raises recognition value in the competitive hotel and gastronomy industries. It treats the guest to a coherent overall impression and demonstrates that quality is a top priority for the host. In times when guests can choose from the diverse gourmet offerings from all over the world, custom décor is decisive in making a good and lasting impression.
