

Technical Features

Container dimensions (L x W x H) mm	6080 x 2400 x 3010
Door openings dimensions (L x W x H) mm	7200 x 3270 x 3010
Weight – empty (kg.)	3500
Weight – water tanks full (kg.)	6500
Height of life space from ground - mm	510
Dimensions life space (L x W x H) mm	4650 x 2225 x 2400
Shower quantity	3
Toilets quantity	3
Wash basin quantity	2
Faucet quantity	8
Mirror quantity	8
Hot water tank capacity (lt.)	250
Clean water tank capacity (lt.)	1000
Waste water tank capacity (lt.)	2000
Heater capacity (kW)	2 x 35
Fuel	Diesel
Fuel consumption max. (lt. / h)	2 x 4,5
Fuel tank capacity (lt.)	100
Power generator	7,5 kVA / 230 V / 50 Hz
Generator fuel consumption (lt. / h)	2,4
Air condition capacity (Btu)	9000

Optional "Heated Field Tent" for dressing room

SANITARY CONTAINER

WHEREVER you are,
WHENEVER you need...

The configuration of 3 shower units and 3 toilets fits in an insulated 20ft ISO container can cover all your sanitation needs.

The container has a separate engineering area for control panel, water heating system and power generator.

Water heating system is operated with diesel fuel and has a capacity of 2000 l/h warm water.

The system is independent and complete with its clean/dirty water tank.

WASH BASINS

Extended stainless steel wash basins allows you to wash also your equipments easily. The washbasins area has 8 mix taps for cold & warm water, mirrors, soap dispensers and 230V sockets.

SHOWER

Shower trays are made of stainless steel. Shower heads can be used both fixed or hand-held. Every shower area is protected by side walls to ensure privacy.

TOILET

Stainless steel toilet units supported by stainless steel accessories to achieve maximum hygiene and durability. Every toilet area is protected by side walls to ensure privacy.

CLIMATE CONTROL

High performance air condition unit used for heating, cooling and ventilating the life space.
